ST. JOHN'S COLLEGE

Welcome to St. John's College

St. John's College has a tradition of excellence in Catholic Education in Brantford since 1941. Our dedicated staff is committed to providing students with excellent learning opportunities both in and out of the classroom. Our commitment to our community is demonstrated in a variety of charitable works, including our annual Christmas Angel campaign. Annual Mission Trips bring students to various areas of Canada, the United States and around the world to participate in rebuilding devastated communities.

We offer Advanced Placement courses in Calculus, Chemistry, Biology and English. In this program, students can earn the equivalent of a university credit in the respective discipline and be better prepared for competitive post-secondary programs.

SJC has one of the best technology and hands-on programs in the city, offering the following programs:

- Hospitality and Tourism
- Health Care
- Hairstyling and Aesthetics
- Tech Design
- Computer Engineering
- Electrical and Plumbing
- Construction Engineering
- Custom Woodworking
- Construction Technology

St. John's College Athletics

HOME OF THE GREEN EAGLES

St. John's College athletic teams are highly competitive, bringing home numerous AABHN and CWOSSA championships each year. Our teams have also competed for provincial championships at OFSAA, bringing home gold, silver, and bronze medals.

Clubs and Extra Curriculars

Drama - The Drama Department at SJC is a very inclusive program where students are free to express their creativity through hands-on activities & performances. No previous acting experience is needed. Through your participation in this program, you may have the opportunity to go on field trips to Stratford and/or Toronto and even NYC and Chicago! We have an Improv Club that meets once a week, produce Major Musical Productions, and compete in the NTS Drama Festival (formerly Sears Drama Fest).

Music - The Music Program offers extracurricular opportunities including Concert Band and Vocal Ensemble. These groups perform at various school events and participate in both Regional and National Music Festivals.

Media Arts - Highly immersive Arts program with a focus on digital technology to create a variety of artworks (illustration, animation, graphic design, and 3d environment creation). SJC grads have built upon their interests towards careers in the fields of advertising, photography, interactive web and 3d design.

Video Game Design - Students learn how to apply the Unreal Engine to create original and fully interactive 3d environments. Graduates have continued their studies at the post-secondary level and have established careers within the video game industry.

Skills Competitions - Medalists at the provincial and national levels in 3d Animation and Graphic Design and National Champions in 3-D Animation.
