

Get the most out of your classes

You'll see the benefits of taking an AP class right away. In AP classes, just like in university or US college, you'll face new challenges and learn new skills in the subjects you care about. All with the support of your classmates and teachers.

Get more.

With AP, you get to dig deeper into subjects you love. We offer English, Math and Science at our school..

Get hands-on.

In AP's immersive courses, you get to learn how things really work. Tackle concepts that will stick with you long after the class is through.

Get involved.

In AP classes, learning means sharing your ideas and expressing yourself. Add your unique perspective—the dialog and debate contributes to the knowledge that everyone shares.

Get support.

With AP, you get to explore new ideas with your classmates and AP teachers. See and feel what college work is actually like, while receiving the support to help you get there.

Get to know yourself.

In AP classes, you can set bigger goals for yourself and do things you never thought possible. AP students can really test and push themselves in a familiar setting while gaining confidence, developing good study habits, and enjoying a great learning experience.
